Two veteran lovers French kiss in the doorway
Their ears are cold but their hearts are so warm
A country band playin' down the street just a little ways
They're whiskey wild, they keep it up until dawn
CHORUS
Small paradise
I glad to see everything's all right with you
All right, then, hold me tight-kiss me
Small paradise
A neon sign blinks outside in the pouring rain
It's ladies' night, free drinks until 10
Some people walk on by, hey, girl don't I know you,
won't you come on in
Well, it ain't love, but it ain't bad
CHORUS
