Jump in me old jeep wagon bump it to the banks of the river

Dig me a worm and a cricket squirm and a wade out into the water

Oh goodbye google eye eat him up a google eye
Eat him up a google eye google google eye goodbye
google eye

Bait me a hook in the morning throw him out into the water

Make him swim with a dorsal fin and come home to me daughter

Oh oh goodbye google eye...

[ac.guitar]

Google eye swim by me hipboot look up at me from the water

Google eye chomp on me fall on me romp but me get him up out of the water

Oh goodbye google eye...

Google eye fry in the sizzle sweet smoke lay on the water

Take old google eye's scales'n tails home to me daughter

Oh goodbye google eye...

Goodbye goodbye goodbye google eye
