I'm bringin' me home to you
It's all that I have to give
My life, my love, my everything
It's you I choose to be with

Had a wonderful time in the city
I smile when I recall
The space, the songs, the company
I really had a ball

It's a funny set of circumstances
Is me out on the road alone
With the moon lookin' over my shoulder
I'm findin' my way back home

I'm bringin' me home to you
It's all that I have to give
My life, my love, my everything
It's you I choose to be with

Ridin' high in the Rocky Mountains
It's a quiet and peaceful time
I'd swear the stars are smilin'
Like they know what's on my mind

You see on any such an occasion
My thoughts will turn to you
The time I spend all by myself
I mostly spend with you

La la la.....

I'm bringin' me home to you
It's all that I have to give
My life, my love, my everything

It's you I choose to be with

When I laid down beside you
And all the love that you showed
I want to live my life with you
It's all the dreams that I know

Bringin' me home to you
It's all that I have to give
My life, my love, my everything
It's you I choose to be with
It's you I choose to be with
It's you I want to live with

La la la.....
