I'm bringin' me home to you
It's all that I have to give
My life, my love, my everything
It's you I choose to be with

Had a wonderful time in the city
I smile when I recall
The space, the songs, the company
I really had a ball

Then a funny set of circumstances
Sends me out on the road alone
With the moon lookin' over my shoulder
I'm findin' my way back home

I'm bringin' me home to you
It's all that I have to give
My life, my love, my everything
It's you I chose to be with

Ridin' high in the Rocky Mountains
It's a quiet and peaceful time
I'd swear the stars are smilin'
Like they know what's on my mind

You see on any such an occasion
My thoughts will turn to you
The time I spend all by myself
I mostly spend with you

I'm bringin' me home to you
It's all that I have to give
My life, my love, my everything
It's you I choose to be with

La, la, la

When I laid down beside you
All the love that you showed
I wanna live my life with you
It's all the dreams that I know

Bringin' me home to you
It's all that I have to give
My life, my love, my everything
It's you I choose to be with

It's you I choose to be with
It's you I wanna live with

La, la, la
