If I look like home to you  
If I have to decide  
Don't try to understand it girl  
When I draw the line  
It hasn't come to this  
That you can say I waste my time

Lookin' everywhere  
Goin' nowhere

For the skies, they look so lazy now  
Heavy are the clouds  
There's nothing here that I can learn  
Of what it's all about  
You haven't said a thing to me  
You talk so very loud

Lookin' everywhere  
Goin' nowhere

Well, I think I'll try the circus or go back to Mexico  
It's time to make mistakes again  
It's time to change the show  
It's time and time and time again to find another way  
It's time to gather forces  
And get out of yesterday

Because I lost what I was lookin' for  
There's nothing left to share  
I need to take myself away  
To be some other where  
A face, a life, a minute more  
I don't think I can spare

Lookin' everywhere  
Goin' nowhere

'Cause I tell you when you hurt me  
And you just don't seem to know  
I inform you that I'm lonely  
And you still don't think I'll go  
So if I lie to you and smile a thought

That's only half-way here  
It's just a circus and I'm singing  
I'm never really near

If I look like home to you  
If I'm your sign  
Don' try to understand it girl  
When I draw the line  
It hasn't come to this  
That you can say I waste my time

Lookin' everywhere  
Lookin' everywhere  
Lookin' everywhere  
Goin' nowhere
