Well I guess that you probably know by now
I was one who wanted to fly
I wanted to ride on that arrow of fire right up into
Heaven

And I wanted to go for every man
Every child, every mother of children
I wanted to carry the dreams of all people right up to
the stars

And I prayed that I'd find an answer there
Or maybe I would find a song
Giving a voice to all of the hearts that cannot be heard

And for all of the ones who live in fear
And all of those who stand apart
My being there would bring us a little step closer
together

They were flying for me
They were flying for everyone
They were trying to see
A brighter day for each and everyone

They gave us their light
They gave us their spirit and all they could be
They were flying for me
They were flying for me

And I wanted to wish upon the milky way
And dance upon a falling star
I wanted to give myself and free myself, and join
myself with it all

Given the chance to dream, it can be done
The promise of tomorrow is real
Children of spaceship earth, the future belongs to us
all

She was flying for me
She was flying for everyone
She was trying to see

A brighter day for each and everyone

She gave us her light
She gave us her spirit and all she can be
She was flying for me

They were flying for me
They were flying for everyone
They were trying to see
A brighter day for each and everyone

They gave us their light
They gave us their spirit and all they could be
They were flying for me
They were flying for me
They were flying for me
They were flying for me
