This song appears on two albums, and was first released on the It's About Time album, and has also been released on the Country Classics album.

There's a full moon over India and Gandhi lives again
Who's to say you have to lose for someone else to win
In the eyes of all the people the look is much the same
For the first is just the last one when you play a deadly
game

It's about time we realize it we're all in this together
It's about time we find out it's all of us or none
It's about time we recognize it these changes in the
weather
It's about time, it's about changes and it's about time

There's a light in the Vatican window for all the world to
see
And a voice cries in the wilderness and sometimes he
speaks for me
I suppose I love him most of all when he kneels to kiss
the land
With his lips upon our Mother's breast he makes his
strongest stand

It's about time we start to see it the Earth is our only
home
It's about time we start to face it we can't make it here
all alone
It's about time we start to listen to the voices in the
wind
It's about time, it's about changes and it's about time
There's a man who is my brother, I just don't know his
name
But I know his home and family because I know we feel
the same
And it hurts me when he's hungry and when his
children cry
I too am a father and that little one is mine

It's about time we begin to turn the world around
It's about time we start to make it the dream we've

always known
It's about time we start to live the family of man
It's about time, it's about changes and it's about time
It's about peace and it's about plenty and it's about
time
It's about you and me together and it's about time
