This song appears on two albums, and was first released on the Take Me To Tomorrow album, and has also been released on the This Is John Denver album.

Get up Jimmy Newman the morning is come  
The engines are rumbling  
The coffees all brewed  
Get up Jimmy Newman  
There's work to be done

And why do you lie shore still sleeping  
There's waiting line forming  
To use the latrine  
And the sun is just opening the sky  
The breakfast they're serving  
And you've only to open your eyes

Get up Jimmy Newman my radios on  
The news is all bad  
But it's good for a laugh  
The tent flap is loose  
And the peg must be gone  
You lie there still sleeping

Get up Jimmy Newman  
They won't take my word  
I said you sleep hard  
But they're shaking their heads  
Get up Jimmy Newman  
And show them you heard  
Ah Jimmy just show them your sleeping  
A joke is a joke but there's nothing to gain  
I might slap you but I'm  
Too weak to rise  
Get up damn it Jimmy  
You're missing the plane  
And you've only to open your eyes  
And you've only to open your eyes  
Oh my God Jimmy  
Open your eyes
