Summer

Silently the morning mist is lying on the water
Captive moonlight waiting for the dawn
Softly like a baby's breath a breeze begins to whisper
The sun is coming, quick you must be gone
Smiling like a superstar the morning comes in singing
The promise of another sunny day
And all the flowers open up to gather in the sunshine
I do believe that summer's here to stay

And oh I love the life within me
I feel "a" part of everything I see
And oh I love the life around me
A part of everything is here in me

"Writing" on the tapestry of all there is to see
So many ways and oh so many things
Rejoicing in the differences, there's no one just like
me
Yet as different as we are we're still the same

And oh I love the life within me
I feel "a" part of everything I see
And oh I love the life around me
A part of everything is here in me
"A part of everything is here in me
A part of everything is here in me"

Fall

Reflections "in" the water like shadows in my mind
Speak to me of passing days and nights and passing
time
The falling leaves are whispering winter's on it's way
I close my eyes remembering the warmth of yesterday

It seems a shame to see September swallowed by the
"wind"
And more than that it's oh so sad to see the summer
end
And though the changing colors are a lovely thing to

see

If it were mine to make the change "I think" I'd let it be

But I don't remember hearing anybody asking me

Winter

It's cold and it's getting colder

It's gray and white and winter all around

And oh I must be getting older

"And" all this snow is trying to get me down

There's a fire in the corner slowly dyin'"(away)"

Sometimes I just don't feel like goin' on "(anymore)"

And yet I know it's more than worth the waiting

For another chance to see the summer sun

Come on, shine on me!

"There's a fire in the corner slowly dyin' (away)

Sometimes I just don't feel like goin' on (anymore)

And yet I know it's more than worth the wasting (away)

For another chance to see the summer sun

Come on, shine on me!"

Spring

Open up your eyes and see "the" brand new day

A clear blue sky and brightly shining sun

Open up your ears and hear the breezes say

Everything that's cold and gray "is" gone

Open up your hands and feel the rain come "on" down

Taste the wind and smell the flowers' sweet perfume

Open up your mind and let the light "shine" in

The earth has been reborn and life goes on

"And" do you care what's happening around you

Do your senses know the changes when they come

Can you see yourself reflected in the seasons

Can you understand the need to carry on

"Writing" on the tapestry of all there is to see

So many ways and oh so many things

Rejoicing in the differences, there's no one just like me
Yet as different as we are we're still the same

And oh I love the life within me
I feel a part of everything I see
And oh I love the life "around" me
A part of everything is here in me
A part of everything is here in me
A part of everything is here in me
