"Sleeping Alone"

For someone who's got everything life can still be
rough
If things are what you're looking for there's never quite
enough
And all the tea in China won't make a house a home
'Cause you can be a millionaire and still be sleeping
alone

Oh there might be some one night stands to ease the
pain inside
Or someone you can call around if you've lost all your
pride
Please don't be mistaken, I don't mean to put that
down.
I know there's times when any thing is better than
sleeping alone

Sleeping alone can make a bottle just about your
dearest friend
Sleeping alone can make you swear to God this night
will never end

You know that it's not company you are looking for
You know it's not just pleasure, you know it's something
more
You know it's not the answer if it's not like coming
home
If the one who's there doesn't really care, it's worse
sleeping alone.

Sleeping alone can make a bottle just about your
dearest friend
Sleeping alone can make you swear to God this night
won't ever end

For someone who's got everything life can still be
rough
If things are what you're looking for there's never quite
enough
And all the gold that glitters won't make a house a
home

You can be a millionaire and still be sleeping alone
You might be a millionaire and still be sleeping alone
