This song was first released on the Whose Garden Was This Album. It is the only album it has been released on. It is part of a medley - the other parts were not written by John Denver.

Sweet sweet life
I'm living today
Don't bring me down
Don't go away
Give me just one more chance
To make you want to stay

Yea, sweet sweet sweet life
I'm living, I'm living today
Don't bring me down
Don't go away
Don't go away
Please, don't go away
