You Left Some Letters in The Upstairs Room. I Can't
Read Them Now It's Been To Soon.
You Left Some Books and Some Old Dress. I'm The Only
Other Thing You Left
and You Won't Be Back For Me Pour Some Truth on A
Cut That Stings.
Ya You Won't Be Back For Me. I Guess That's
Everything.
I Think You Got It All. I Guess That's Everything.
Thar's No More Tears To Fall. Thar's Only Moving On.
the Good and Bad That Brings.
I Guess That's Everything, Everything.
You Needed Time To Think Things Through
You Needed Space Between Me and You.
You Took A Drive, needed Time Alone.
You Took a Wrong Turn on Your Way Home.
You Left Me Standing In The Dark. Wondering What The
Future Brings.
All You Left Where Question Marks. All You Took Was
Everything.
I Think You Got It All. I Guess That's Everything. Thar's
No More Tears To Fall.
Thar's Only Moving On.
The Good and Bad That Brings.
I Guess That's Everything, Everything, Everything,
Everything.
There Was Nothing Standing In Your Way. Nothing I
Could Say To You.
Now Thar's Nothing Left For Me Today to Come Home
To.
I Once Had Everything, Everything, Everything,
Everything, Everything, Everything, Everything,
Everything, Everything, Everything, Everything,
Everything.
We Once Had Everything, Everything.
