Yesterday I got so old, you made me want to cry
Yesterday I got so old, I felt like I would die
Well, go on, go on, walk away
Go on, now your choice is made
Go on, away from here
Go on, go on, now disappear

I know what I said, and it just wasn't true
That it couldn't be me without her inbetween without
you
Well, I walk away without you
Now I walk away without you
Well, I walk away without you
Now I walk away without you

Yesterday I got so scared, I shivered like a child
Yesterday away from you, I froze up deep inside
Well, come back, come back, come back to me
Come back, oh, can't you see
Come back, come back, don't walk away
Come back, come back, come back today

I know I was wrong when I said it was true
That it couldn't be me without her inbetween without
you
Well, I walk away without you without you
Now I walk away without you
Well, I walk away without you
Now I walk away without you

Yesterday I got so scared
Yesterday I got so old, I felt like I would die

And now I know what I said just wasn't true

Well, I walk away without you
Well, I walk away without you
Well, I walk away without you
I just walk away without you
I walk away without you
Now I walk away without you

I walk away without you
Without you
Without you
Without you
Without you
I walk away
