I come to your door
Climb up your stairs
Crawl in to your bed
With a kiss
I thank god for
The answers to my prayers
It doesnt get better than this

You fell from the blue
Soft like a star
Looked up and whispered a wish
The next thing i knew darling
There you are

It doesnt get better than this

Yeah it doesnt get better than this
Im letting go of old ghosts
That came close but missed
And what might have been
Cant begin to compare to what is
It doesnt get better than this

The moons on the run
The suns catching up
In my dreams, were older with kids
Im thinking someone
Wished me the best of luck
It doesnt get better than this
Doesnt get better than this
