Don't you spare my feelings
Don't you be scared of blood
Don't you break it to me gently
Don't you use kid gloves
Don't sweet talk me, baby
Don't sugarcoat
The bitter little pill
You're shoving down my throat

CHORUS:

Don't let me down easy
Make it hurt like hell
Don't you kiss my cheek
Don't you wish me well
Don't let me down easy
Leave me bruised and scarred
Don't let me down easy
Please
Let me down hard

Don't you change your colors
Keep 'em mean and true
When you break my heart, girl
I wanna recognize you

Leave a bad taste, baby
Leave me here to cry
Leave a little something please
To forget you by

Repeat Chorus

Baby, yes hard feelings
Baby, yes regrets
I might forgive you someday
But baby, not just yet

Won't let you down easy
I'll make it hurt like hell
I won't kiss your cheek
I won't wish you well
Won't let you down easy

I'll leave you bruised and scarred
I won't let you down easy
No, I'll let you down hard

I'll let you down hard
I'll let you down hard
I'll let you down hard
