Mother was an incubator  
Father was the contents  
Of a test tube in the icebox  
In the factory of birth  
My name is 905  
And I've just become alive  
I'm the newest populator  
Of the planet we call earth

In suspended animation  
My childhood passed me by  
If I speak without emotion  
Then you know the reason why  
Knowledge of the universe  
Was fed into my mind  
As my adolescent body  
Left it's puberty behind

And everything I know is what I need to know  
Everything I do's been done before  
Ev'ry sentence in my head  
Someone else has said  
At the end of my life is an open door

Automatically defrosted  
My manhood came on time  
I became a man  
I left the ICE school behind  
And now I'm to begin  
The life that I'm assigned  
A life that's been lived before  
A thousand times

I have a feelin' deep inside  
That something is missin'  
There's a feelin' in my soul  
And I can't help wishin'  
That one day I'll discover  
That we're livin' a lie  
And I'll tell the whole world  
The reasons why

But until then, all I know is what I need to know  
Everything I do's been done before  
Ev'ry idea in my head  
Someone else has said  
At the end of my life is an open door
