You should have seen it coming  
But it happened way too fast  
Now you're right back where you started  
And your future is your past  
You tried to move a mountain  
It's like whistling in the breeze  
You racked your brain for answers  
And then wound up on your knees

Chorus:

It begins at the moment you're born  
Just like chasing a king with a pawn  
It's like taking the bull by the horns  
But I'll try again today  
Yes I'll try again today

Like a game of Snakes (Chutes) & Ladders  
Or castles in the sand  
Just when you think you've got it  
It slips right through your hands  
You can try and move a mountain  
But it's best to walk around  
If you flow with the river  
It will never drag you down

Repeat Chorus:

It begins at the moment you're born  
Just like chasing a King with a pawn  
It's like taking the bull by the horns  
But I'll try again today  
Yes I'll try again today
