When you move in right up close to me
That's when I get the shakes all over me
Quivers in my backbone
I got the shakes in my kneebones
Quivers in my thighbone
Shakin' all over

Just the way that you say goodnight to me
Brings this feelin' all inside of me
Quivers in my backbone
I got the shakes in my kneebones
Quivers in my thighbone
Shakin' all over

(Solo)

Quivers in my backbone
I got the shakes in my kneebones
Quivers in my thighbone
Shakin' all over
