(Small, Powers *)

I should have seen her coming
I should have known right away
I should have started running
Everybody told me
I should have known from the start
What you were up to, I should have known better then
Now I knew.

Too much too soon , too much too soon.

You got the feeling things cannot fly
No matter what you get you wanna buy
Well baby what's a boy to do
Well now don't talk to samson
When I move too fast you want to jump
Well baby better buy me out.

Too much too soon , too much too soon.
Too much too soon , too much too soon.

I came out feeling hurting knowing
What else can I say
I came out feeling it's too much too soon
Well baby gotta get away.

Too much too soon , too much too soon.
Too much too soon , too much too soon.
Too much too soon , too much too soon.
