Don't let me slip back under
My motor's running warm
I'm rolling with the thunder
I'm riding out this storm

Burn down the night
Burn down the night
If you can't make it right
Burn down the night

So patiently you guide me
Whispering in the dark
Reach way down deep inside me
Take out the broken part

Another wall comes down in flames
With every match you strike
You've got everything it takes
To burn down the night

Lead me into temptation
Out by the railroad tracks
Show me a new sensation
Don't ever send me back
