Chorus

The moon shines down on lovers
But there's a darker side of night
The stars were made for lovers
But there's a darker side of night

Verse

The beast with a thousand eyes
Was just a peacock in disguise
But the shadows at your feet
Hide the warriors in the street

Chorus

The Moon shines down on lovers
But there's a darker side of night
The stars caress young lovers
But there's a darker side of night

Solo / Modulation

Verse

The monster under your bed
Was just an old teddy bear without a head
You're not afraid of Halloween
But you won't spend the night on floor 13

Chorus-out

Mr. Moon shines down on lovers
But there's a darker side of night
The stars embrace young lovers
But there's a darker side of night
