It happened once before  
It could happen again  
Do you spend your life  
Not trying anything  
It's turning you into  
What you don't want to be  
A lonely man

You hide yourself away  
You hide inside your head  
Don't you know that life  
Is never what you plan  
I know what you've been through  
But no-one wants to see  
A lonely man  
You'll be, a lonely man

There's nothing wrong with you  
That can't be fixed right here  
You only have to want to  
Nothing anyone can say  
To make you less scared  
But you know the truth  
That you gotta do  
What you gotta do  
To make it through

So open up your eyes  
Please don't close your heart  
You can restart the fire  
All you need's the spark  
After all you've been through  
You still don't need to be  
A lonely man

Don't be the lonely, (lonely man)  
Don't be a lonely, (lonely man)  
Don't be a lonely man, (lonely man)  
Yeah you know the truth that you gotta do  
What you gotta do  
You'll make it through
