Frozen in silence  
Facing it alone  
Gotta keep my cool  
Make em think I'm made of stone

It's a game of wills we're playin  
Our nerves are made of steel  
Balanced on the edges of everything we feel

It's gonna take all of we've got  
Just to make it through this night  
Gotta feel it right through my skin  
And it's cuttin like a knife

Get ready to break the ice  
Feels like time is standing still  
Aiming right for your heart  
Ready to take another spill  
Only you can make it right  
You can break the ice inside of me

A single minded passion  
A solitary stand  
I thought I was alone  
Left out in the cold again  
So I'm givin you all I've got  
I'm gonna make it through this night  
And even though I could fall  
I'm prepared to lose the fight

Get ready to break the ice  
Feels like time is standing still  
Aiming right for your heart  
Ready to take another spill  
Only you can make it right  
You can break the ice

Get ready to break the ice  
Feels like time is standing still  
Aiming right for your heart  
Ready to take another spill

Get ready to break the ice  
Feels like time is standing still  
Aiming right for your heart  
Ready to take another spill

Get ready to break the ice.
