Ooh, one shot in a revolution
One drop from a poison pen
One fruit, too small and bitter
One tree, too proud to bend

And one man to start the trouble
One kiss to seal your fate
One kid that needs some action
One link in a chain reaction

I've got a fever, a fever in my soul
No, I don't want to die before I get old
It took some time just to bring me here
Nobody's gonna put me down, do I make myself clear?

One shot in a revolution
One drop from a poison pen
One fruit, too small and bitter
One tree, too proud to bend

One man to start the trouble
One kiss to seal your fate
One kid that needs some action
One link in a chain reaction

I've got trouble, oh, trouble in my life
And I've been living on the edge of a knife
But I don't intend to let you down
I'm gonna give you love before I hit the ground

One cruel and callous lover
One blow below the belt
One chance without another

One heart, too cool to melt
One link in a chain reaction
One link in a chain reaction, oh

Oh, one shot in a revolution
One drop from a poison pen
One fruit, too small and bitter
One tree, too proud to bend

One man to start the trouble
One kiss to seal your fate
One link in a chain reaction
One link in a chain reaction

One shot in a revolution
One drop from a poison pen
One fruit, too small and bitter
One tree, too proud to bend

One man to start the trouble
One kiss to seal your fate
One link in a chain reaction
One link in a chain reaction

Ooh, ooh, oh, go, ooh, yeah, yeah
