I'd like to run away from you  
But if you never found me I would cry  
I'd like to break the chains you put around me  
But I know I never will  
You stay away and all I do  
Is wonder why the hell I wait for you  
But when did common sense prevail  
For lovers when we knew it never will  
Impossible to live with you  
But I know I could never live without you  
For whatever you do  
I Never Never Never want to be in love with anyone but  
you

You never treat me like you should  
So what's the good of loving as I do  
Although you always laugh at love  
Nothing else would be good enough for you  
Impossible to live with you but I know I could never live  
without you  
For whatever you do  
I Never Never Never want to be in love with anyone but  
you

You make me laugh  
You make me cry  
You make me live  
You make me sad for you  
You make me sing  
You make me sad  
You make me glad  
You make me mad for you

I love you, hate you, love you, hate you,  
But I want you till the world stops turning  
For whatever you do  
I Never Never Never want to be in love with anyone but  
you
