No No No No No No Don't tell me no lies
No No No No No No Don't tell me no lies
Cause I don't want to hear them
I don't want to hear them
No No No No No No Don't tell me no lies
No No No No No No Don't make me feel bad
No No No No No No Don't make me feel bad
Cause I don't really love you
I don't really love you
No No No No No No Don't tell me no lies

All my friends say that I'm acting blue
All my friends say that I'm, I'm such a fool
No No No No No No Don't tell me no lies
No No No No No No Don't tell me no lies
Cause I don't want to hear them
I don't want to hear them
No No No No No No Don't tell me no lies
