Henrietta, baby whatcha do to me?  
Henrietta, you say that you wanna leave,  
You got me so shook up, I never ever wanna break free.

Henrietta, I say you look so fine,  
Henrietta, will your love be mine?  
You're always on the move, hangin' on another line.

Chorus:

The day your love went away, I thought that you was  
gonna stay  
But it was an omen, I tried and tried,  
Caught up by all your lies!

Henrietta, why wontcha treat me right?  
Henrietta, you say you'll love with all your might,  
Well, love me baby, love me all through the night.  
Whoa!

Chorus

Henrietta, why wontcha treat me right?  
Henrietta, you say you'll love with all your might,  
Well, love me baby, love me all through the night.
