I've got a never ending love for you
From now on that's all I wanna do
From the first time we met I knew
I'd have a never ending love for you

I've got a never ending love for you
From now on that's all I wanna do
From the first time we met I knew
I'd have a never ending love for you

After all this time of being alone
We can love one another
Feel for each other from now on
Feels so good I can hardly stand it

I've got a never ending love for you
From now on that's all I wanna do
From the first time we met I knew
I'd sing my never ending song of love for you, yeah

After all this time of being alone
We can love one another
Live for each other from now on
Feels so good I can hardly stand it

I've got a never ending love for you
From now on that's all I wanna do
From the first time we met I knew
I'd sing my never ending song of love for you
I've got a never ending love for you
