Once in a while
She comes through the walls of my apartment
And once in while she says:
"Come on let's blow it all"

She's amnesia
She's walking out in shattered times
She's a movement
She's a motion
She's moves like smoke before my eyes

Once in a while
I feel somebody move beneath my skin
And once in while I feel that smile
She says: "Come on, let's begin"

She's amnesia
She's walking out in shattered times
She's a movement
She's a motion
I let that smoke get in my eyes

Once in a while

Once in a while
I turn a corner and I feel that
Once in a while
I take a break from everybody's expectations

She's amnesia
She's walking out in shattered times
She's a movement
She's a motion
You know how smoke gets in your eyes
