Please help me, I'm fallin' in love with you  
Close the door to temptation, don't let me walk through  
For I shouldn't want you, but darlin' I do  
Please help me, I'm fallin' in love with you

Please help me, I'm fallin', and that would be sin  
Close the door to temptation, don't let me walk in  
Turn away from me darlin', I'm beggin you to  
Please help me, I'm fallin' in love with you

Please help me, I'm fallin' in love with you  
Close the door to temptation, don't let me walk through  
For I shouldn't want you, but darlin' I do  
Please help me, I'm fallin' in love with you  
Please help me, I'm fallin' in love with you
