The River is waiting
Come Rise up

A new day is dawning
Come rise up

We'll be sailin' at first light
Come gather

Set our course for the crossing
Together

Chrous: x2
Sail on, Sail on
The river is waiting
Sail On

The river is waiting
I'm ready

To slip from this island
I'm Ready

Gonna leave all my sorrow
Behind me

Lift my face to the new day
That's rising

Chours:
Sail on, Sail on
The river is waiting
Sail on
