Mama, come look quick
There's a light up in the sky
And I see the silent ship
And it's calling you and I

And if you listen close
The reasons all come clear
I'm ready now to go
There's nothing left to fear
Oh there's nothing left to fear

Leavin' all of this pain behind
Gonna sail away
Lettin' all of these chains unwind
Gonna steal away

Mama, come look quick
Do I see an open door?
The passageway is lit
An' it's time to get on board

What wonders we will see
What beauty to my eyes
So come along with me
Across the rainbow sky
Across the rainbow sky

Leavin' all of this pain behind
Gonna sail away
Lettin' all of these chains unwind
Gonna fly away

Makin' over this troubled mind
Gonna wash away
Leavin' all of this doubt behind
Gonna sail away

Mama, come look quick
There's a light up in the sky
And I see the silent ship
And it's calling you and I
