"Summer Of Love"

It was the summer of love
Freedom was in the air
Young people everywhere
So many questions if you care

It was the summer of love
Stand back, it will blow your mind
Never seen such a powerful time
Universe about to unwind

Reach out your arm
Touch the moon, touch the sky
Face to the wind
To be free

It was the summer of love
So many people on the move
Flower children looking for the truth
Will they find it or just excuse?

Reach out your arm
Touch the moon, touch the sky
Face to the wind
To be free
