Don't look so bad, don't look that sad, just look at all
the luck we had,
It was fun, and it was wrong.
You say you'd stay I had no more, the good luck
hungered from I don't know,
Won't make it hard to say so long.

Chorus:

I said "no, no, you don't owe me; no, no you don't owe
me a thing,
You don't owe me a thing.
I said "no, no, you don't owe me; no, no sure don't owe
me a thing,
You don't owe me a thing.

You know you told me once, a long time ago, some of
these days it would have to go,

Some of these days took us wrong
I don't mind if you hit the door, don't be fast, darlin',
don't be slow,
Won't be around to watch you more.

Chorus
Oooh!
