[Lyrics/Forte - Music/Forte]

[Verse I]

Ashes surrounding me
Nothing else, but darkness, blood and pain
My determination will prevent you to outlast

[Verse II]

After so many years of disgrace
I feel my hatred becoming mightier
Corrupt your soul, I will
Never ending my pervert plague to flow

[Bridge]

Spread your wings and follow me higher
Leave the dark beyond, repent you Sinner

[Chorus]

Leave our souls in peace
and pray for us to die bravely, O lord I've sinned
Salvation, wisdom and Forgiveness,
I dedicate my death to implore your pardon,
I can't find my way, tracked down by my fate.

[Verse I]

Reign over the world I will
The mandrakes of death I will seed
I'll kill and probably I bleed,
Spreading impureness on your fields

[Bridge]

Spread your wings and follow me higher
Leave the dark beyond, repent you Sinner

[Chorus]

Leave our souls in peace
and pray for us to die bravely, O lord I've sinned
Salvation, wisdom and Forgiveness,
I dedicate my death to implore your pardon,
I can't find my way, tracked down by my fate.
