Day after day  
Night after night  
Creeping the smiles in the mirror  
Obsessed by light  
I'm in disguise  
No more behaviour

Glittering stars  
High in the sky  
A million lights shining though  
Misunderstood, a last goodbye

Picturing the past

Touching the clouds in heaven  
Passing the season  
Crossing the astral pathway  
Blessing the night

And if the stars accepts us  
I'll be one of them

Day is crying in the sky  
Wash away my sinful eyes

Stand with me, I will carry out your sorrow  
Stand with me, I will make your way through shadow  
Don't ask me why  
Never return

Centuries have past  
Dying of dawn  
Our mysteries rise from above  
I'm one of them, I am their king...

Touching the clouds in heaven  
Passing the season  
Crossing the astral pathway  
Blessing the night

And if the stars accepts us  
I'll be one of them

Day is crying in the sky  
Wash away my sinful eyes
