Shuffle in the feet, thrive alive
Viking confident, am lucky I
Doomsday, a pillage-plunder magna cum laude
Solar flare, an eye-spy with a panavision glare

Sun's down, oh no, where's the after-glow
Burn midnight coal, time on a roll

Mine enemy, mine enemy
Doubt in the soul
(Forgot the goal)

Mine enemy, mine enemy
Not today, night to day

Ladder climbing high, speak in rungs
Spin the yarn to tie-up tired lungs
No time to breathe, grab the rope and hoist, mercy me
Too much to prove, what if callous hands burn milky-
smooth?

Sun's down, oh no, 'round we merry-go
Fade out, fade out

Fool fighting sloth, poor candle moth
Mine enemy, mine enemy
Curiosity now charred debris

Mine enemy, mine enemy
Not to day, night to day
Aurora

Here we go again, destruct the plan
Technicolor bright, you yellow man
A damp fuse, stormy confidence now feeling blue
Wheel needs a cog, worn shoe, so goes the travelogue

Sun's down, oh no, where's the after-glow?
Time to fade out, fade out

Ah, safely home
(No need to roam)

Mine enemy, mine enemy
Faux-pahsitive
(No fuel to sieve)

Mine enemy, mine enemy
Not today, night to day
Aurora
Time to fade out, fade out
