How was I to know?
How was I to feel?
You're leaving all the lights on.
You want me to reveal,
Everything that I hide
From the bright light's glow.
Letting everything go,
To live beyond the shadow of a doubt

I'm riding to your house
There's nothing you can do.
I'll never be without a fading afternoon.
Maybe all we need is something new.
Maybe all we need is nothing we can lose.

So I'm letting everything go,
Letting everything go.
Step inside the lights beyond the shadow of our doubt.
And never find our way out,
We'll never find our way out,
We'll never find our way out of here again.

Long gone days,
Are never so quick to fade.
It took falling away,
To fall on the same page.

Now all we see is bright lights that show,
Everything we need,
And all there is to know.
All there is to know about letting everything go,
Letting everything go,
Step inside the lights beyond the shadow of our doubt.
And never find our way out,
We'll never find our way out,
We'll never find our way out of here again.

Letting everything go,
Letting everything go,
Step inside the lights beyond the shadow of our doubt.
And never find our way out,
We'll never find our way out,

We'll never find our way out of here again.
