Please break away
Afraid you'll fray out on the game to shake change
They turn to graze and chase their shadows straight
out of town
Grab a seat, here's a retreat to reckon with - please
raise your glass
Season's come again. At long last, I'm long lost (but it
won't last)
Minions cast opinions as they crowd outside my
getaway
Hooray! Toast today! Begin this Social Event of the
Century
Odd Scenery
Around in vain, I'll catch my tail
I missed your point, but anyway...
Shadows in the banquet hall recall the dance that did
them in
Shins, oh so thin. Should you not feel a part of
anything?
Are these not the colorful lives we intended them to
be?
Freedom painted me. Begin this Social Event of the
Century
Odd Scenery
I'll catch my tail. Conversation failed
I missed your point, but anyway
Come again? Come again
Social epithets fly. Arms dig deep to rake this muck
Plague me for the fool. This rendezvous must self-
destruct
Time to clear! The end is near! Too late, roll in
Catastrophe
Blame me, it's Chaos Carnival of the Century
Odd Scenery
I'll catch my tail. Celebration failed
Come again. Come again?
Water off a duck's back (yet, your still on my lawn)
