She's assigned a witch to spell my heart
And now I'm drawn to her
And my feigning resistance is waning
Light as gossamer
And I mind

In this dark, flint a spark
Shady lady, it glows out of you
Through this complex of cobwebs
Revealing a heart for open view
And I mind, I mind, I mind, I mind

Follow the lady, go far
Follow the lady, go far

She's assigned a witch to spell my heart
And now I'm drawn to her
Siren song draw the ships, orchestrate the
Eclipse of this amateur

Then a warm sun arrived
Shady lady, it glows out of you
Like the faintest of pulses revived
And what else can you do?
And I mind, I mind, I mind, I mind

Follow the lady, go far
Follow the lady, go far
I'm far from letting go, letting go
Lady, how's the ending go?
Follow the lady, go far

And I mind
And I mind
I mind
I mind
I mind

Follow the lady, go far
Follow the lady, go far
I'm far from letting go, letting go
Lady, how's the ending go?

Follow the lady, go far
