Round and round we do this song-and-dance  
Sail the rocky ground romance is not a novel end of  
story  
She thinks I'm the one and who's to say she's not the  
one  
But for the time I just want some fun end of story

She threats to leave nearly every single week  
Cuz I'm lazy and can't disagree  
Now she's walking by and she just said have a nice life  
And I do believe she's leaving me for good this time  
Well she's gone. Gone for good this time  
No yes why?  
All she had to do to win my heart was say goodbye  
She's gone. Gone for good this time  
No yep why?  
If you wanna win my heart just say goodbye, goodbye  
One more time...

It makes her mad when I talk in circles  
I know it's bad but I get that way when cornered end of  
story  
The tide has turned and in her head the wheels are  
turning  
Burning red and churning up some troubles and  
they're for me  
She threats to leave me every week  
She says it drives her mad, and I can't disagree  
At the risk of losing something great  
I paused...she caught me hesitate  
And now she's leaving me for good this time  
Well she's gone. Gone for good this time  
No yes why?  
All she had to do to win my heart was say goodbye  
Well she's gone. Gone for good this time  
No yes why?  
If you wanna win my heart just say goodbye, goodbye  
One more time...

She threats to leave me nearly single week  
Cuz I won't grow up and talk about L... L...  
Lo and behold dear the only thing bigger  
Than my fear of commitment is saying so long

She's gone. Gone for good this time
