"Shine"

Shall I shy down that's boring, snoring
I'd like to teach me to sing in perfect harmony
And I'd like to change the world
It's easier than changing me

I'd like to find one girl who knows me
Strum bang the drum around or put it down
And figure out if I'm out of line
Sit around and figure out if I'm wasting time

Wait for the sign
It's time to shine shine shine
Wait for the sign
It's time to shine shine shine

Why should I sh-shy down, how are you? Fine
Why should I sit around and be dead and never shine
It's the giant, so defiant
But I'm happier if I can sleep

If I wake though, volcano. fee fi fo
Fum bang the drum around or put it down

And figure out if I'm out of line
Sit around and figure out if I'm wasting time

Wait for the sign
It's time to shine shine shine
Wait for the sign
It's time to shine shine shine

Lit a fire under my assets
I'd like to, I try to, tread tightly, so slightly
When the forest is before us
But we can't see for all the trees

That's when they fall, that's when I call
The good Paul Bunyan
Bang the drum aloud or put it down
And figure out if I'm out of line

Wait for the sign

It's time to shine shine shine
Wait for the sign
It's time to shine shine shine

We're out of line
It's time to shine shine shine
Wait for the sign
We're gonna shine shine shine
