necessary food for the little ones
can't create when I'm under these guns
feed me lies I'll throw up all over you
ties come true don't like what I do
skeleton man sit in the corner
skeleton man dance that's an order
lies come true
thin just like you
substantial meat to stick to my ribs
where's my top hat and bag of tricks
I'll perform every stunt that I know
familiar ground begins to show
skeleton man sit in the corner
skeleton man dance that's an order
lies come true
thin just like you
should I dance?
