Put me in new direction  
Point me to the edge of this world  
With a warm heart and cold complexion  
I'm feeble with a flag unfurled

Where to today?  
M-miles away

And as I sigh the long goodbye  
What will be found wandrin' around?  
And as I sigh the long goodbye  
What will be found wandrin' around?

Sister, where you going?  
I have one question, maybe four  
Sister, where you going?  
We race straight back to where we were before

Where to today?  
M-miles away, miles away

And as I sigh the long goodbye  
What will be found wandrin' around?  
And as I sigh the long goodbye  
What will be found wandrin' around?

And as I sigh the long goodbye  
What will be found wandrin' around?  
And as I sigh the long goodbye  
What will be found wandrin' around?

Wandrin' around  
Wandrin' around

Wandrin' around  
Wandrin' around  
Wandrin' around  
Wandrin' around

Wandrin' around  
Wandrin' around
