I mean it

I wouldnt go out side

And walk around

Hey man fear for your life

But Ive reached this conclusion

Everyones in a corner

Face to the wall

I never looked the other way

Not really true at all

Greatest by confusion

It never lets me be

Well no one said to be here

I was punished by me

Ohh..

And theres a weeping cry

And times are melting

And they skip all the way up

To top

Greatest by confusion

Lets me down

Never lets me down

Everyones in a corner

Never turn around

Oh never turn around

Yea...the other way

Na na na na.
