Dusting off your savior  
You were always my favorite  
Always my man ã,âiãfâç all in a hand

To celebrate you is greater  
Now that I can ã,âiãfâç always my man

Now you see what I came for  
No one here is to blame for  
Misunderstand ã,âiãfâç all in a hand

Just like you 'cause you made me  
All that I am ã,âiãfâç all in a hand

A butterfly that flaps it's wings  
Affecting almost everything  
The more I hear the orchestra  
The more I have something to bring  
And now I see you in a beautiful  
And different light  
He's just a man and any damage done  
Will be all right  
Call out my name  
Call and I came

Dusting off your savior  
Forgiving any behavior  
He's just a man ã,âiãfâç all in a hand

Your hero's destined to waver  
Anyone can ã,âiãfâç always my man

I would never betray you  
Look at me who could raise you  
Face in the sand ã,âiãfâç safe in your hand

You were always my favorite  
Always my man ã,âiãfâç all in a hand

We are the red hots and  
We're loving up the love me notes  
The flowers in your flower pots

Are dancing on the table tops  
And now I see you in a beautiful  
And different light  
He's just a man and everything he does  
Will be all right  
Call out my name  
Call and I came

Dusting off your savior  
The life that you have narrated  
You were my man
