Its been so long  
Since I felt the heat of the sun on my paw  
You're the one who knows me at best  
'cause your ( ? )  
Always smile from the street  
You hold my heart in my hands while I'm beat  
Oh yer always on the decline  
You take another sip of wine  
A toast to us  
Your the one with the stars  
(john throws some electric guitar here, I think to cover  
up some words  
He wasnt willing to share...)

You hold the sign

For the one that you love  
That you  
That you

(long instrumental)

Run  
You're the one in the sky when you go  
You know your wind. the planets grow  
Your in the sun, you face it to go
