Seems to be away is peachy now
Feel like may be far at all
I've got these clothes to deceive me
I've been lost all along
You've got a mouth that's bigger
I've got a man on the side
You'll see my lie

You've got a town to speak to
You've got rented dye
I drive it around somewhere
Before I was alive
I was alive _____
You've got a mountain beneath you
You're always known in archives

I'll always have the side
All the times of hate
All around, this is here

You've got a running see-saw (it's me inside)
That's what I heard (it's the battle of time)
I have always felt fine (I know, hey)
I've nothing no-one nowhere
hey... (cool solo)

Version 2:
transcribed by Nadia :

Seems to be the way it'll be now
Feeling me before it all (?)

I've got these roads to deceive me
I've been lost on them all
You've got a mouth to feed
I've got a man on the side
You'll see my lie

You've got a town to speak to
You've got rented dye
I drive it around somewhere

Before I was alive
I was alive ... that means u can die
You've got a mountain beneath you
You're always known in archives

I'll always have the side
All the times of hate
All around, this is here

You've got a running see-saw (it's me inside)
That's what I heard (it's the battle of time)
I have always felt fine (I know, hey)
I've nothing no-one nowhere
hey... (cool solo)
