Are we down for the same cause?
We don't know what we stand for
With the moment start to crack
You do lose track where your head's at

And I am unreachable
Do you think when your head's full?
We don't rely on what we get
We begin now where we aren't yet
Ay!

One time, hit me where I turn wide
I don't mean to be polite
Uniform
Spinning the world to the beat of my drum
Uniform

One time, hit me where I turn wide
I don't mean to be polite

Uniform
Spinning the world to the beat of my drum
Uniform

Reach into the darkness for what you can find
Travel great distance in your mind
The world gets stronger as you start trying things
Turn around towards being born, away from dying

I've run out again on this, the one on my side
We to disappear, well, I know I've tried
You know we've tried, you know we've tried
Hey, too bad
Hey, too bad
Too bad, too bad
Hey...

Ohhhh
