Well I've been dreaming
It's rainy days are over
Are over, over!
Rain from the roof
And the stars will fall for you
And all the world

(instrumental)

What did you find
While you were nowhere
Did you seem to care
Oh, aworgh....
Your shabby clothes where you can't be sold or bought,
Your gold.

Lyrics transcribed by thatyou

Well I've been dreaming
Its rainy days are over
Are over, over and from you
And the stars you fall for you
And and all the world
What did you find while you were nowhere
Did you seem to care ohhh
Your shabby clothes well you can't be sold
Or bought your gold
